

## GLOBAL ORPHAN FOUNDATION

*caring for the world's most vulnerable children*

### **Educational Volunteer**

#### **Organization**

Global Orphan Foundation is an Indianapolis based non-profit with a global mission - to advocate on behalf of orphaned and vulnerable children worldwide and respond with action. We have witnessed firsthand the struggle to meet the basic needs of orphaned children in third-world and developing countries and are committed to easing that burden. We believe that all children deserve proper nutrition, access to healthcare, and educational opportunities.

#### **Bolingo Village**

Located in Democratic Republic of Congo, Bolingo Village is the signature project of GOF. By employing widowed women as licensed foster moms and building families with orphaned children, we are leveling the playing field for orphaned children in Congo and affording them the emotional, physical, and spiritual care that they need to thrive. Our sustainable children's care village goes beyond meeting basic needs by providing access to education, a clinic for consistent medical care, a farm for balanced nutrition, clean running water, a loving foster family, and space to run, play and be kids. In short, Bolingo Village is a community that allows for a robust and abundant childhood with a bright future.

#### **Responsibilities**

This individual must love education and books! They will collaborate with GOF on the educational support given to our Bolingo children. Eventually, we want to start a library for our village! We need this volunteer to help create by finding books and supplies to make this happen - Book Drive anyone?

This is an opportunity to build a volunteer role that fits your skills and contacts. You can pick and choose which of the following play to your strengths:

- provide guidance on the educational standards
- provide input in character educational opportunities that can be run by our staff
- help determine what we need in order to open a library
- coordinate efforts to make open the library
- raise funds or supplies for the library

If you're interested in learning more about this opportunity, please reach out via email at [info@globalorphan.org](mailto:info@globalorphan.org)
